REACH letter to customers

3rd May 2018

Dear Sirs

Ref: REACH legislation, (Registration, Evaluation, Authorisation and Restriction of Chemicals) EU Regulation no: 1907/2006

Under REACH legislation, substances on their own, in preparation, or substances intentionally released from articles and that are manufactured or imported into the EU, in quantities above 1 tonne per year per manufacturer/importer, must be registered.

Acton Bright Steel does not distribute products intended to release substances and/or import substances on their own or in preparations. We therefore have no registration obligation under the REACH legislation requirements.

Yours sincerely

A.P. Coghlan
Director
